

FUNDRAISING ISSUE

Special Report & Bonus Circulation | Nov 2018 Issue

Non-profit marketers want to know what you can do for them ... what technology you have ... what advice you bring ... what ideas you have ... and how you can turn their programs into response-generating campaigns.

If not-for-profit marketers are your target client this is the issue for you.

By advertising in November, you reach our national audience of direct response fundraising executives PLUS the delegates to AFP Congress, which takes place in Toronto from November 19-21.

Our Fundraising Issue special focus **mails before the show** and gives you the opportunity to promote your company to a large group of actual delegates...plus you'll be in the same issue handed out onsite at the show.

Be part of this once-a-year-only opportunity with special rates for this section.

In November tell your story directly to the readers and conference delegates that make these decisions!
